Dear Student,

Greetings from NASSCOM & Telangana AI Mission (T-AIM)! You and your team are on the verge of a successful completion of Round 3 of the Academic Grand Challenge on Climate Change: <https://taim-gc.in/climate-change/>.

We've conducted 3 Open Houses to help you with guidance while you have been developing PoCs.

- Tech Open House (15th Feb)
- Domain Open House (21st Feb)
- Academic Research Open House (1st Mar)

Among the Top 60+ teams, your team stands a good chance of making it to the Top-10 teams. With 2 more days remaining, please place your best effort for the submission.

Note: This communication has been sent to the team representative and the team members as well.

ROUND 3: DELIVERABLES

As a reminder of this round's deliverables, your team is required to develop an AI model to predict AQI and occurrences of heat waves.

As a part of your deliverables, your team is required to be ready with:

1. AI model (developed on the virtual environment)
2. Presentation Deck (max 7 slides)
 - a. Slide 1: Team Name, Team Member Names & Photos, College/University Name
 - b. Slide 2: URL for Source Code (committed on GitHub)
 - c. Slides 3-4: Information on Model Evaluation Parameters (e.g. accuracy, precision, recall, and anything else)
 - d. Slides 5-7: Extending the information shared in your approach note, develop these slides to help us understand the following:
 - i. Your plan to startup
 - ii. The problem that you found worth solving
 - iii. The idea/solution
 - iv. Help you need to start up
 - v. How will your team use the prize winnings?

Within the stipulated timeline, please do both the following:

- The above-referenced presentation deck (with all 7 slides) must be emailed to taim@nasscom.in with subject line "Submission | Academic Grand Challenge".
- Submit the same presentation deck through this form as well: <https://forms.office.com/r/AfSc1YuTT7>.

We'll have access to your AI model through the platform; so there's no need to send us that separately.

DEADLINE

4th March 2023 at or before 11:59 PM (*no extensions will be allowed*).

QUESTIONS?

You can also write to us at taim@nasscom.in for any questions/support.

Once again, our best wishes to your team for Round 3 results! We look forward to interacting with you again.

Regards,
Team-Academic Grand Challenge on Climate Change
